QUALITY REPLACEMENT TURBOCHARGER PARTS

Take a look at Melett's current news and technical releases in our latest newsletter, look out for your copy landing soon... This edition's top articles include:

NOW OPEN – Melett Latin America

We are delighted to announce the opening of our new Latin American Sales Office, which is located in Santiago, Chile and managed by Martyn Howorth.

[Read more...](#)

HOT TOPIC – Balancing Machine Variations

We are often asked about the balance of CHRA's and why the balance graph varies between different VSR machines, this article explains some of the causes behind this. [Read more...](#)

EXCITING 'Nozzle Assembly' Developments

Recent months have seen the launch of several new part numbers in our nozzle assembly range, covering the popular GT17-25, TF035/TD03 and RHF4 applications. [Read more...](#)

Z-BEARINGS

Garrett's 'Z-bearing' first arrived back in the late 90's/early 2000 models, however the current Z-bearing designs arriving in today's aftermarket are very different from the older 3LD design. [Read more...](#)
